Greetings Brothers and Sisters in Christ,

As we continue to navigate through Covid-19, we will continue to offer, as we are able, multiple ways to worship and to provide activities that fit the different needs of the congregation. Our priority, in considering in-person worship and activities, is doing so as safely as possible. We celebrate that we have successfully navigated since last March, and we will continue to evaluate and monitor our safety measures in place to continue the same path.

Looking back at what we have learned over the past months, and a successful re-opening in June, we will be keeping an eye on the Washington County positivity rate percentage. In-person worship, at 50% capacity, will resume when the rate is at or below 7% for at least two weeks. At that time, we will again offer in-person worship in the sanctuary, in addition to our virtual worship and bulletin and CD/DVD mailings.

It is important that we remember that we share a unified perspective, that we all really want to worship together! We want all our brothers and sisters to be safe and have an option to join us for worship and be able to continue outreach ministries to others and each other. We have seen many blessings come alive in our church during a difficult time. We have ministries still operating and new connections being made between us, that are paving the way. Please continue to reach out to each other and let leadership know if there is a need for technical support to be able to join us for virtual worship. We thank you for your continued support in this difficult time.

Blessings to all,

Larry Kees

Leadership Team Chair
